

NEW PRODUCT!

HomeSitter

TEMPERATURE • WATER • POWER

Four Way Alarm Protection when you're not home!

**Low or High
temp alarm**

**Water leak or
failed sump pump**

**Power outage - with
power out delay timer**

**Low back-up battery
replacement reminder**

**Water Sensor
Included!**

JUST RELEASED at the National Hardware Show, our new Home Monitoring Alarm calls three phone numbers to alert an absent homeowner of some of the most worrisome problems that can occur when they're not home!

Other HomeSitter Features:

- Tells you the exact alarm condition
- Unique 4 digit security code
- Remote status check during alarm
- Motion sensor option for security
- Audible Alarm
- Automatic Reset
- Continues to call about alarm conditions until alarm is acknowledged.

**\$99
MSRP**

**No Monitoring Fees
or Installation**
